BISIG NATURE TRAIL

The Bisig Nature Trail was created as a joint venture with Monroe County. The 4.1 mile trail incorporates approximately 37 acres of Town Open Space and 250 acres of County Park Area Land. We graciously offer thanks to Monroe County for making this purchase possible with assistance from its Greenspace Initiative, allowing no impact to Town taxpayers.

You may access the trail from the following two locations:

Manitou Beach Road – Turn onto Manitou Lane, make a right on Parkway View and follow to the parking lot at the end of the road.

Payne Beach Road – Turn into the driveway of the NW Quadrant Monroe County Sewage Treatment Plant, and just before the gated entrance make a left into parking lot.
